# Rana Nidhi

**Computer Science Engineering Student | AI/ML Specialization**

Surat, India • [your.email@example.com] • [github.com/YOUR-GITHUB-USERNAME] • [linkedin.com/in/YOUR-LINKEDIN-ID]

*Building at the intersection of software, data, and AI.*

## PROFESSIONAL SUMMARY

Computer Science Engineering student specializing in Artificial Intelligence and Machine Learning, with a four-month Python internship at Comnet Development India. Hands-on with Python, Django, SQL and front-end web development, and building a foundation in data structures, algorithms and database systems. Aspiring AI/ML Engineer and Software Developer who values clean code, version control and continuous learning.

## TECHNICAL SKILLS

| | |
|---|---|
| **Programming** | Python, Java, C, JavaScript |
| **Web Development** | HTML5, CSS3, JavaScript |
| **Backend & Databases** | Django, SQL, SQLite, REST API fundamentals |
| **Developer Tools** | Visual Studio Code, Git and GitHub (version control and project hosting) |
| **Areas of Interest** | Artificial Intelligence & Machine Learning, Data Structures & Algorithms, Database Management Systems, Software Development |
| **Soft Skills** | Problem-solving, Adaptability, Continuous learning, Teamwork |

## INTERNSHIP EXPERIENCE

### Python Intern — Comnet Development India

4 months • Completed

Project: **Posture & Health Monitoring System with Python** (internship completion certificate dated 15 April 2026)

- Completed a four-month internship working on a Python-based posture and health monitoring project, a monitoring and wellness-support application (not a medical diagnostic system).
- Certificate states performance as **Very Good** and attendance as **above 86%**.

## PROJECTS

**Posture & Health Monitoring System with Python** — Internship project, Comnet Development India

- Posture and health monitoring project built with Python during the internship; described as a monitoring and wellness-support project.

**Medical Store Management System** — Academic project

- Software project focused on medicine records, medicine search and inventory-related workflows. [Add technologies and implemented features once confirmed]

**Personal Portfolio Website** — IT4048, Version Control with Git and GitHub

- Responsive portfolio built with HTML5, CSS3 and vanilla JavaScript (mobile menu, project dialogs, accessibility and reduced-motion support), versioned with Git and hosted on GitHub Pages. [Live URL after publishing]

## EDUCATION

**Computer Science Engineering** — AI/ML specialization (current)

Asha M. Tarsadia Institute of Computer Science and Technology, Uka Tarsadia University

**ICT Diploma**

Government Polytechnic for Girls, Surat
